

Reid-Daily Fundraiser

Houston Police Officers John Daily and Alonzo Reid were driving in a police cruiser early Monday, December 24 2018, when a drunk driver, slammed into their vehicle and caused a fiery crash. Around 50 percent of Daily's body is burned, Reid suffered burns to his legs and other parts of his body but, thank God, is expected to make a full recovery. Daily, who had to be pulled out of the blazing car by Reid and another passerby, is still hospitalized and has a long road ahead of surgeries, skin grafts, and physical therapy. Please join us in supporting our extended family in blue by attending the upcoming BBQ fundraiser.
